Summary

Results-driven Software Developer and IT Professional with 1+ years of experience in Python, Data Analytics, AI/ML, and automation. Skilled in SQL, Power BI, and Tableau, with expertise in problem-solving, client meetings, requirement analysis, and team collaboration. Focused on delivering innovative technical solutions, improving operational efficiency, optimizing business processes, and enhancing client satisfaction through data-driven decision-making.

Skills

- Python
- Machine Learning
- SQL
- Business relationship management
- Jira/Confluence/Linux
- Artificial Intelligence
- Excel
- Artificial Intelligence
- Business development
- Dashboard Design
- Project Management
- Power BI
- Tableau
- Power BI
- Team Coordination
- Statistical Analysis
- Business Analytics
- Advanced Excel

Education

MBA in Data Science & AI — Chandigarh
Chitkara University | Jan 2026 - Present

Master of Computer Applications — Chandigarh
Chitkara University | July 2022 - July 2024

Bachelor of Computer Applications — Chandigarh
Chitkara University | July 2019 - July 2022

Work History

Junior AI Developer — Dec 2025 - Mar 2026
Aiinfox Private Limited — Mohali

- Developed and implemented AI/ML solutions using Python and LangChain to automate complex Excel workflows, achieving 98% feature accuracy and improving conversion rates to 60–80%. Conducted client meetings to gather requirements, analyzed business workflows, and coordinated project deliverables. Utilized Jira and Confluence for task tracking, documentation, progress monitoring, and timely stakeholder updates, ensuring efficient collaboration and data-driven process optimization.

Python Developer — Feb 2025 - Jul 2025
Baseline IT Development — Mohali

- Optimized technical support operations using targeted SQL queries and priority-based ticket triaging, reducing ticket resolution time by 75%. Conducted client meetings to gather business requirements, analyze project documentation, and identify software bugs. Managed Monday.com workflows, tracked project progress, coordinated client acceptance testing (UAT), and supported timely project completion. Enhanced troubleshooting, issue resolution, and IT service delivery through structured problem-solving, stakeholder collaboration, and data-driven solutions to real-world business challenges.

Web Developer — Aug 2024 - Feb 2025
Dream BIG Edtech Private Limited — Mohali

- Implemented A/B testing and web analytics using Python, PHP, Laravel, and Google Analytics, increasing course distribution efficiency from 85% to 95% and optimizing digital platform performance.

Courses

Artificial Intelligence and Machine Learning
Jul 2026 - Jul 2026
EY | Chitkara University

An introductory course covering the fundamentals of AI and machine learning techniques.

- Developed AI/ML expertise in Python, NLP, and automation, targeting 80% efficiency.

Machine Learning Course
Aug 2024 - Jul 2024
Coursera By University Of Illinois

A comprehensive course on AWS services and cloud computing fundamentals.

- Developed ML models using Python, Scikit-learn, Pandas, and NumPy, achieving 90% accuracy.

ISO 9001:2015 Requirements
Jul 2026 - Jul 2026
NABCB accredited

BSI

- Gained ISO 9001:2015 QMS expertise, demonstrating dedication to 80% efficiency.

Personality of the Top 1% of People
Aug 2026 - Present
Image Consulting Business Institute

Image consulting business group

- Achieved 90% e-learning engagement through effective instructional strategies and digital learning optimization.

Achievements
