Summary

Skilled Software Developer and IT Professional with expertise in Python, software development, machine learning, artificial intelligence, and data analytics. Proficient in SQL, Power BI, and problem-solving, with a focus on developing innovative, efficient, and data-driven solutions.

Skills

- Python
- Machine Learning
- SQL
- Team Coordination
- Dashboard Design
- Project Management
- Power BI
- Excel
- Artificial Intelligence
- Business development
- Business relationship management
- Statistical Analysis
- Business Analytics
- Advanced Excel
- Tableau
- Power BI
- Apache / Hadoop / Cloud / AWS
- Docker
- Jira/Confluence/Linux
- Artificial Intelligence

Education

MBA in Data Science & AI — Chandigarh
Chitkara University | Jan 2026 - Present

Master of Computer Applications — Chandigarh
Chitkara University | July 2022 - July 2024

Bachelor of Computer Applications — Chandigarh
Chitkara University | July 2019 - July 2022

Work History

Junior AI Developer — Dec 2025 - Mar 2026
Aiinfox Private Limited — Mohali

- Directed the implementation of AI/ML solutions utilizing Python and LangChain to optimize complex Excel workflows, resulting in a 98% accuracy in feature performance and boosting conversion rates to 60-80%.

Python Developer — Feb 2025 - Jul 2025
Baseline IT Development — Mohali

- Achieved a 75% reduction in ticket resolution time by implementing targeted SQL queries and prioritizing triage processes.

Web Developer — Aug 2024 - Feb 2025
Dream BIG Edtech Private Limited — Mohali

- Developed and implemented A/B testing methodologies and web analytics utilizing PHP, Laravel, Python, and Google Analytics, resulting in a 95% increase in course distribution efficiency.

Courses

Artificial Intelligence and Machine Learning EY | Chitkara University

An introductory course covering the fundamentals of AI and machine learning techniques.

- Gained knowledge of Artificial Intelligence and Machine Learning concepts, including supervised and unsupervised learning, neural networks, deep learning, natural language processing (NLP), predictive modeling, and data analysis using Python, with a focus on intelligent automation and real-world AI applications.

Machine Learning Course Coursera By University Of Illinois

A comprehensive course on AWS services and cloud computing fundamentals.

- Developed a solid foundation in machine learning concepts, including supervised and unsupervised methodologies, regression, classification, data preprocessing, model training, and assessment leveraging Python, Scikit-learn, Pandas, and NumPy, focusing on predictive analytics and applicable use cases.

ISO 9001:2015 Requirements NABCB accredited

BSI

- Acquired expertise in ISO 9001:2015 Quality Management System (QMS) requirements through BSI, emphasizing quality standards, process optimization, risk-based thinking, regulatory compliance, and ongoing improvements to drive organizational efficiency and enhance customer satisfaction.

Personality of the Top 1% of People Image Consulting Business Institute

Image consulting business group

- Successfully attained a high engagement level of 90% within the e-learning platform, showcasing the effectiveness of instructional strategies.

Achievements

- Honored Best Role Bearer and Evaluator by Toastmasters.
- Listed in top charts 10% in annual newsletter departmental.
- Got top rewards in Chitkara University Online E-learning platform
- Acquired first position in debate competition at training premises
- Hold 50 days badge 2025 in leetcode profile

Internship

Python Trainee (45 days) | AI/ML Trainee (45 Days) Aug 2025 - Nov 2025

TOXSL Technologies Mohali, Punjab

- Successfully crafted and implemented robust classification models in Python, achieving a remarkable accuracy rate of 90% through detailed data analysis, strict validation processes, and continuous optimization strategies.

MERN Stack Trainee Aug 2024 - Feb 2025

A2 IT Solutions Mohali, Punjab

- Adept at managing complex integration initiatives with React and MongoDB, driving notable improvements in application performance and attaining efficiency benchmarks of 90% or higher.

AI/ML and Power BI Trainee Jan 2024 - Jul 2024

ThinkNEXT Technologies Mohali, Punjab

- Conducted extensive and thorough research projects utilizing Tableau for the university's data analytics initiatives, while consistently maintaining an impressive accuracy rate of 90%.
