PROFESSIONAL SUMMARY

Results-driven IT Professional with 1+ years of experience in Python, Data Analytics, and AI/ML. Reduced ticket resolution time by 75% and achieved 98% feature accuracy through automation, improving operational efficiency, project visibility, and business performance.

SKILLS

- Python
- Power BI
- Advanced Excel
- Business Analytics
- Artificial Intelligence
- Excel
- Tableau
- Machine Learning
- Team Coordination
- Business relationship management
- SQL
- Business development
- Jira/Confluence/Linux
- Project Management
- Dashboard Design
- Statistical Analysis

EDUCATION

Chitkara University, Chandigarh **Mar 2026 to Dec 2027**
MBA in Data Science & AI

Chitkara University, Chandigarh **Jul 2022 to Jul 2024**
Master of Computer Applications
- Final-year CGPA: 8.86.
- Key coursework: Algorithms, Database Systems, Software Engineering, Artificial Intelligence & Machine Learning.
- Project: Developed and validated a Python classification model (data preprocessing, feature engineering, model selection) achieving 90% accuracy.

Chitkara University, Chandigarh **Jul 2019 to Jul 2022**
Bachelor of Computer Applications
- Final-year CGPA: 8.26. Strong foundation in programming, algorithms, and database management.
- Notable coursework and practical experience in Data Structures, DBMS, Web Development, and application of Python, PHP, and SQL.

WORK HISTORY

Junior AI Developer, Aiinfox Private Limited **Dec 2025 to Mar 2026**
Mohali
- Developed AI/ML solutions using Python and LangChain, automating Excel workflows with 98% accuracy and 60–80% conversion rates. Conducted client meetings, gathered requirements, analyzed workflows, and coordinated project deliverables. Managed Jira and Confluence for task tracking, documentation, and stakeholder updates, ensuring timely delivery.

Python Developer, Baseline IT Development **Feb 2025 to Jul 2025**
Mohali
- Optimized technical support using SQL queries and priority-based ticket triaging, reducing resolution time by 75%. Conducted client meetings, gathered requirements, analyzed documentation, and identiied software bugs. Managed Monday.com for project tracking, UAT coordination, and timely delivery, enhancing troubleshooting, stakeholder collaboration, and operational eficiency.

Web Developer, Dream BIG Edtech Private Limited **Aug 2024 to Feb 2025**
Mohali
- Implemented A/B testing and web analytics using Python, PHP, Laravel, and Google Analytics, increasing course distribution eficiency from 85% to 95% and optimizing digital platform performance.

COURSES

Artiicial Intelligence and Machine Learning(EY Self-Paced Learning), Chitkara University
Machine Learning Course, Coursera By University Of Illinois
ISO 9001:2015 Requirements, BSI NABCB accredited
Personality of the Top 1% of People, Image Consulting Business Institute
TCS National Qualifier Test (NQT) – Cognitive Assessment | Score: 57.09%, TCS ION

AWARDS

Best Role Bearer and Evaluator, Toastmasters
Top 10% Ranking
Top Rewards, Chitkara University
1st Position in Debate Competition
LeetCode 50 Days Badge

INTERNSHIP

Python Trainee, TOXSL Technologies **Aug 2025 to Nov 2025**
Mohali, Punjab
- Developed Python classification models, achieving 90% accuracy through data analysis.

MERN Stack Trainee, A2 IT Solutions **Aug 2024 to Feb 2025**
Mohali, Punjab
- Optimized React-MongoDB integrations, achieving 90%+ application eficiency.

AI/ML and Power BI Trainee, ThinkNEXT Technologies **Jan 2024 to Jul 2024**
Mohali, Punjab
- Tableau research achieved 90% accuracy through analysis and optimization.

ACCOMPLISHMENTS

- Automated Excel workflows with Python and LangChain, increasing feature accuracy to 98% and lifting conversion rates to 60–80% while streamlining manual processing.
- Cut average ticket resolution time by 75% through SQL-driven troubleshooting and priority-based triage, significantly improving SLA compliance and reducing backlog.
- Improved course distribution efficiency from 85% to 95% by running A/B tests and analyzing Google Analytics data, boosting user engagement and completion.
- Developed and validated Python classification models (scikit-learn, pandas) that achieved 90% accuracy to inform data-driven decisions.

EBOOK & INDEPENDENT PROJECTS

Job to Business – Digital eBook & Landing Page
Developed and published a digital eBook landing page, applying content development, digital marketing, and business communication skills.
